### FINAL ACTION

Applicant's election of group I in the response of 10-29-03 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claims 23-66, 68, 69, 71, 72 have been cancelled, leaving claims 1-22, 67, 70, and 73-97 remaining for consideration. The amended claims have overcome the previous rejections of 112/2<sup>nd</sup> paragraph, and thus, said rejection is withdrawn herein. However, the amended claims 1, 2, 70, 73 introduce a proviso to overcome the previous 102(b) rejection based on **Suiko et. al.** Said proviso has no support in the instant disclosure, and thus, constitutes new matter.

### *Claim Rejections - 35 USC § 112*

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

1. **New Matter (Lack of Written Description for proviso):** Claims 1, 2, 70, 73 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The instant disclosure fails to provide a description for the proviso of "*R<sup>1</sup> is unsubstituted alkyl or hydroxy, R<sup>3</sup> is H or*

*unsubstituted alkyl, R<sup>4</sup> is H that R<sup>2</sup> is not halogen or alkoxycarbonyl of 2 carbon atoms."* Even a negative limitation requires description, see *Ex parte Grasselli*, 231 USPQ 393.

2. Claims 3-21, 67, 74-94 are also rejected under 35 U.S.C. 112, first paragraph because they depend on claim 2 or claim 73, and thus carry over the same proviso.

### ***Claim Objections***

3. Claims 22, and 95-97 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Said claims recite species that are not taught by **Suiko et. al.**, or any of the prior arts of record.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
